

Providing education for pupils in Key Stage 4 with SEMH needs

Ethos Academy Trust

Ethos Academy Trust formed in 2018, with a mission to create nurturing, inclusive learning communities. Founded by three highly successful alternative provisions in Kirklees, Ethos Academy Trust has since expanded to other local authorities, with a sustained focus on our specialism of pupils with wide-ranging social, emotional and mental health (SEMH) needs and other SEND.

To enable us to achieve our vision, our mission is that Ethos Academy Trust will draw upon the expertise of our specialist staff and wider partners to provide timely, personalised support, intervention and provision in order to maximise the life chances of all children and young people, informed by a thorough understanding of their strengths and needs. Underpinning our mission and vision are our core values:

Leading

with integrity

- Championing honesty and transparency
- Building trusting relationships

Encouraging

freedom and responsibility

- Working collaboratively
- Investing in effective partnerships

Thinking

innovatively

- Finding creative solutions
- Meeting individual needs

Improving

continuously

- Raising standards
- Developing strong and effective leaders

Celebrating

achievement

- Improving academic progress
- Enriching personal development

ETHOS
ACADEMY TRUST

Nurturing inclusive learning communities

Ethos College

As a member of Ethos Academy Trust, Ethos College is committed to building upon our track record of excellence through the development of high performing academies that deliver the very best educational experiences for pupils. We have a clear focus on raising standards, encouraging innovation and further strengthening the ethos, vision and values of the Trust to ensure that we have a positive impact on all our children and young people, as recognised by Ofsted (Jan 2023) when our Outstanding Judgement was reaffirmed:

'Ethos College is a place where pupils flourish. Leaders are highly aspirational for all pupils. They have created a curriculum that is ambitious. It is well designed to meet pupils' individual special educational needs and/or disabilities (SEND) as well as their personal and social needs. Leaders' expectations are high. They are determined that pupils will succeed. As a result, pupils achieve well due to the school's strong practice.'

'The school is warm and welcoming. Leaders ensure that the school is fully inclusive. The learning environment is very well resourced. It is well designed to meet all pupils' needs. Staff are highly supportive of pupils' individual needs. Staff know pupils really well and care about them. They share leaders' high expectations for pupils. Pupils enjoy lessons and school life. Pupils value the support they receive. They recognise the positive difference the school has made to their education.'

Ethos College is a well-established Key Stage 4 Alternative Provision (AP) Academy with a long-standing track record of achieving outstanding outcomes with vulnerable pupils. Our nurture-based philosophy underpins our practice. All leaders and staff have a shared vision and an unwavering commitment to meeting the academic and SEMH needs of all our pupils, providing the highest educational standards and pastoral support.

At Ethos College we provide a caring, stimulating, safe and welcoming environment where learning is enjoyable, and teaching is personalised to the needs and interests of individuals. Pupils are supported to fulfil their academic potential whilst developing the confidence and skills required to succeed in post-16 education, employment or training.

We recognise that children and young people may experience a wide range of Social, Emotional and Mental Health (SEMH) needs and may present themselves in a variety of ways. These may include becoming withdrawn or isolated from their friends and studies through to displaying challenging, disruptive or disturbing behaviours. For many young people, these behaviours may reflect underlying mental health needs.

Our outstanding staff team are skilled at working with young people with needs across the SEMH range. In partnership with parents, carers and other professionals, we take a holistic approach to ensuring a pupil's needs are identified and met throughout their journey at Ethos College by providing a curriculum which addresses academic and SEMH needs through quality first teaching and targeted interventions, preparing pupils for the next stage of their lives.

Nurturing inclusive learning communities

The Curriculum

The curriculum offer is broad, balanced and personalised to meet the needs of pupils with SEND and aligns with the national curriculum. It is flexible and regularly reviewed to ensure it meets the needs of all pupils to help them succeed in the next step of their education and beyond. It has been designed to address social disadvantage by addressing gaps in knowledge, skills and local needs by introducing pupils to the best that has been thought and said and helps to engender an appreciation of human creativity and achievement.

Consideration is given to the development of the whole child: their intellectual, spiritual, emotional, social and physical development. The curriculum is delivered through engaging and creative teaching to engender curiosity, active participation and the development of pupils' own unique, creative responses.

Pupils study a core curriculum of English, maths and science, at an appropriate level, supported by up to nine Level 1/2 qualifications; alongside other personalised pathways that are designed to support foundation learners.

Curriculum Intent →

Nurturing Inclusive Learning Communities							
Vision	To shape well educated and rounded young adults who become successful lifelong learners and are ready to take their place in modern day Britain.						
Aim	The classroom offers a safe base	Children's learning is understood developmentally	Transitions are significant to the lives of children	Nurture is important for the development of wellbeing	Language is understood as a vital means of communication	All behaviour is communication	
Our Curriculum is underpinned by the 6 nurture principles							
Core Values	Leading with Integrity	Thinking Innovatively	Improving continuously	Encouraging Freedom and Responsibility	Celebrating Achievement		
Our Curriculum is designed to:	Help pupils to gain an appreciation of long-term commitments that frame a successful and fulfilled life – family, relationships, local community and faith	Be dynamic to meet the needs of individual pupils to support future career choices	Help pupils to have the ability to be motivated by long term goals	Breakdown barriers to participation by having a multi-agency approach and nurture effective partnerships with the wider family	Expand pupils' perspectives through a range of spiritual, moral, social and cultural opportunities to promote their sense of moral and social responsibility by introducing them to the best that has been thought and said		
	Give pupils opportunities to explore and express their character to learn positive moral attributes like courage, honesty, generosity, integrity and humility which helps to build the skills they need for resilience, empathy and employability	Enable pupils to work towards SEMH targets identified through Boxall and specific targets identified in EHCPs	Show pupils the possibilities in a world where it is not obvious by giving them access to high quality careers education and challenging poverty to aspiration	Ensure pupils feel safe and understand how to stay safe by having highly effective safeguarding procedures	Be rigorous and academically stretch all pupils to achieve academic success		
	Ensure pupils acquire social confidence – the ability to make points or arguments clearly and constructively, listen attentively to the views of others and behave with courtesy whilst displaying good manners and respect	Promote a sense of pride, belonging and identity	Develop life skills and raise self-esteem through high quality personal development	Make links with external partners to prepare students for life in the world of work based on local and national employment and training needs	To provide a personalised knowledge base to allow all pupils to access further education and employment irrespective of their ability or background		

Implementation						
Teaching is based on the starting points of all pupils to ensure prior learning is built upon to ensure fluency	Teachers have a deep understanding of content knowledge, pedagogical knowledge and pedagogical content knowledge. They have high expectations in pedagogy	Teachers use formative assessment to be dynamic in lessons to aid progress and to plan lessons for the future to build fluency	Staff foster strong, positive working partnerships with all stakeholders, especially parents, carers and the local and wider community	Personalised pathways are developed and based on individual need. Pupils foster strong positive relationships with adults and their peers		
Core Curriculum	Options					
English (GCSE, Entry Level, Functional Skills)	OCR Enterprise and Marketing	BTEC Health and Social Care	GCSE Psychology	WJEC Hospitality and Catering	GCSE Art	
Maths (GCSE, Entry Level, Functional Skills)	GCSE Statistics	GCSE English Literature	GCSE Film Studies	GCSE Geography	Forest School	
Science (GCSE and Entry Level)	Hair and Beauty	BTEC Home Cooking Skills	OCR Child Development	OCR Creative iMedia	Motivate Award	
Personal Development/ASDAN	GCSE PE	BTEC Public Services	Topic Based Learning	Outdoor Education	Votes for Schools	

Impact		
Attendance	National Examination Data	Exceptional Progress
Improvement in Attendance – Value Added	Boxall data to show non-academic progress	Progress towards EHCP targets
Celebrating achievements through rewards and awards	Reduction in behaviour incidents	Progress towards Gatsby Benchmarks
		Marking and feedback used effectively to support learning
		Proven success of Alumni

Personal Development and Preparation for Adulthood

Our commitment to life-long learning is ambitious for all pupils, supporting and securing aspirational pathways to post-16 learning, employment and training, including highly successful transition arrangements. We are dedicated to raising aspirations, challenging stereotypes and inspiring pupils to achieve their full potential.

We are committed to meeting our statutory duty to provide pupils with high quality, impartial and inspirational Careers Education, Information, Advice and Guidance (CEIAG) to help pupils make informed choices about options regarding post-16 pathways. We work in partnership with external careers providers to ensure that every pupil receives appropriate CEIAG support and is able to access an appropriate post-16 pathway when they leave Ethos College at the end of Year 11. In addition, our dedicated Careers leader provides opportunities for pupils to engage in a robust and engaging careers offer which encourages high aspirations.

In line with the Baker clause, pupils receive input from local providers of education, employment and training, bringing careers opportunities to life for young people, in order to empower them to make informed decisions about next steps and long-term aspirations. This approach includes visits to and from universities, colleges and other training providers, work placements, links with apprenticeship opportunities and mentoring for students from local business leaders. Pupils also take part in CV writing and mock interview workshops. Furthermore, we offer an enhanced transition package for all Year 11 pupils, with dedicated staff working during the holidays and into the autumn term to provide guidance, support and necessary equipment to enable all pupils to make a successful transition into their post 16 destination.

Ethos College secured the Quality in Careers Standard in July 2022 in recognition for its tireless endeavours to secure the best possible pathways for its pupils.

SMSC Development

Pupils' spiritual, moral, social and cultural development is actively promoted which equips them with the necessary skills and understanding to become thoughtful, considerate and active citizens in the academy and modern-day Britain. Pupils contribute to regular planned and delivered lessons focusing on key themes on the SMSC and Citizenship calendar. An independent audit and verification of the academy's SMSC provision resulted in the prestigious National SMSC Quality Mark at Gold level in 2021.

Developing character comes from our curriculum offer and all aspects of school life including educational visits, extra-curricular offerings, external speakers, school council, careers education and Duke of Edinburgh. Through these opportunities, pupils become more confident, resilient and independent both in the academy and modern Britain.

The personal development curriculum and the academy's wider work support pupils to develop holistically and to lead healthy and active lifestyles, helping them to know how to keep physically and mentally well. We see British Values as underpinning what it is to be a citizen in a modern and diverse Britain. They allow us to create environments free from discrimination, intolerance and hate. They help us to challenge prejudice and stereotyping, whilst strengthening relationships within the community.

As well as actively promoting these values to our pupils, we embed them into lessons across all curriculum areas. This ensures that pupils understand the importance of British Values, so they can leave the school fully prepared to live, work and thrive in modern Britain as responsible citizens.

The personal development curriculum and our wider work promote the equality of opportunity and diversity. Drop down days provide broader and more in-depth opportunities for pupils to engage and learn about cultural, religious, ethnic and socio-economic communities and contextual safeguarding issues.

The curriculum gives pupils the chance to experience and engage with views, beliefs and opinions that are different from their own. The personal development curriculum explicitly teaches about protected characteristics and that no forms of discrimination are tolerated. We fundamentally believe that all pupils should be given opportunities which extend beyond their academic offer to enable them to become confident, resilient members of their community who engage positively with wider society.

Ethos College prides itself on providing all pupils with a range of experiences that allow them to become rounded, well-informed and motivated individuals; the academy was successful in achieving the Excellence in Pupils Development Award in 2021 in recognition for its achievements in this area.

Extending the Curriculum

The curriculum extends beyond the classroom. In addition to extracurricular activities, we offer a wide range of other rich experiences. These experiences not only help to make memories, they allow pupils to increase their knowledge of the world, increasing their self-belief and aspirations; enabling them to suitably develop their character so they can flourish in the academy and life beyond. Pupils have the opportunity to take part in educational visits, music therapy, drop down days, sport days, and residential.

Social, Emotional and Mental Health

At Ethos College, we recognise that all children and young people need a solid foundation of positive social, emotional and mental health to benefit fully from all of the opportunities that are available to them. We provide opportunities for our pupils to be resilient and mentally healthy so that they can succeed in all aspects of their life.

As a staff team, we track and monitor each pupil's SEMH needs and progress and provide a curriculum that is bespoke to them. We believe that teaching SEMH skills improves academic outcomes, keeps children safe and improves the mental wellbeing of pupils.

Leaders and staff work tirelessly to create a safe, calm and positive nurturing environment so that pupils can learn and thrive. Classrooms are carefully designed to meet the needs of pupils with SEMH needs and to follow the principles of nurture in creating a 'safe base'. Pupils take care of, and are proud of the school environment, with pupils taking real ownership of, and being involved in, developing the school. Ethos College has high expectations in relation to behaviour; these expectations are applied consistently and fairly by the staff team to provide strong working relationships, built upon shared values, mutual respect and trust. This leads to pupils feeling safe, well supported and valued as individuals, allowing them to flourish both academically and socially.

Ethos College staff recognise that 'all behaviour is communication' and live by this fundamental principle of nurture. Behaviours are recognised and understood as a social, emotional or mental health need and; therefore, through the highly effective assessment of individual need, pupils are supported to understand their behaviours and develop strategies to overcome them.

SEMH Progress is tracked, monitored and analysed using the Boxall Profile to assess, identify and address children and young people's social, emotional and behavioural development across the whole setting. We use the two-part checklist, which is completed by staff (and, where appropriate, wider stakeholders) who know the young person best, to identify the levels of skills they possess to access learning. This enables us to ensure that every child and young person gets the support they need to fully engage with their education and thrive.

All pupils have access to an Intervention Instructor who provides an enhanced delivery model of in-house targeted interventions. The Intervention Instructor works closely with the SENDCo to understand areas of need with a focus on the greatest areas of SEMH deficit. The Instructor plans and delivers a comprehensive and detailed programme of sessions that focus on identified areas of need. Pupils are aware of their targets and are able to contribute to the planning of the sessions so that they are 'done with and not to them'.

'All of my teachers make me feel comfortable and have helped me feel confident with my learning.'

Pupil

'Keep doing what you are doing because without your help and support my child wouldn't be where they are today. Thank you'

Parent

'There really are no words to sum up what a difference you have made to my child's life. Your skills, support and understanding have enabled her to re-engage with learning and recover from her mental health difficulties. Her time at Ethos has been life changing for her and I'll be eternally grateful for that!'

Parent

'Thank you, thank you, thank you. All of you. You have completely transformed my child's educational life and that has such an impact on the rest of her life too. I cannot stress enough how much the fact you care and value her as well as teach her has on her and our family. You are Education Angels.'

Parent

"Thank you for providing a positive and nurturing environment."

Parent

Pupil Progress

Individual EHCPs are studied in detail to identify targets and outcomes to be met by the end of Key Stage 4. The targets are then broken down into SMART (specific, measurable, achievable, relevant and time bound) targets to achieve at the end of each half term, to ensure a carefully planned and graduated approach.

SMART targets are added to 'Supporting Me to Learn Plans' along with any adaptations needed and strategies to be used to support pupils to meet these targets. The Supporting Me to Learn Plans are shared with the staff team and wider stakeholders. Teachers use the strategies and recommended adaptations to meticulously plan highly effective lessons that promote rapid academic and SEMH progress and allow pupils to embed learning into the long-term memory, improving attainment. Support staff are also aware of the targets and use strategies to support individuals to make the progress necessary to meet their targets and improve attainment in lessons. Staff use verbal and written feedback to share successes and immediate targets for improvement, alongside summative and formative assessments to track progress and attainment.

Academic progress data is formally collected three times per year. This data helps to inform any modifications needed in the curriculum and allows staff to put timely and effective intervention in place to ensure both academic and SEMH progress is made at pace.

Half termly staff meetings are held to discuss progress towards targets. New SMART targets are set for the next half term, along with different strategies and adaptations needed to meet these targets.

Progress towards EHCP targets is recorded on an EHCP target tracker and leaders use this information, in conjunction with academic data and Boxall Profile data, to ensure the curriculum is accessible and promotes academic and SEMH progress and attainment for all. Annual EHCP reviews are held to monitor and track progress towards targets and amend provision, support and targets where necessary.

Quality assurance processes in relation to the curriculum allows leaders to ensure that adaptations and strategies are being implemented to allow all pupils to make maximum progress to meet their EHCP targets and outcomes.

At least 1 GCSE 9-1 or equivalent	41 / 93%	33 / 89.2%	38 / 100%
9-4 in English and Maths GCSE	15 / 34.1%	9 / 24.3%	12 / 31.6%

“The main thing for me is that I really wholeheartedly feel like the school values and cares for my daughter just as she is. They appreciate her and her needs and capitalise on that instead of trying to make her fit a mould that doesn't work for her. I know that is about her, not me as a parent but as a parent THAT is the one thing that is most important to me. I feel like everyone cares, I know if there's any slight problem that my child has that they can help with they will and they will contact me immediately if needed and respond immediately to any worries I have. To know when she is at school that she is happy and safe is so good and so different to her previous school.”
